# Design Structure: Speak2Me

DECO3500: Social & Mobile Computing

Home page

Home Page

- Netflix formula
- Use streams
- Streams organized by rectangular divisions showing previews of articles in stream
- Main Streams:
    - Personalized
    - News of the day(summary of recent news)
    - Recommended for you (not based on immediate news)
    - Other friends streams?
    - Streams by organization
- Search bar on top of Home page
- Sub menu on left of home page (hidden)

Sub menu

- Spotify formula
- Simple sub menu appears only when clicked on, does not impair all vision of home page
- Fixed menu, access from anywhere except actual streams
- Browse, search, settings, account options
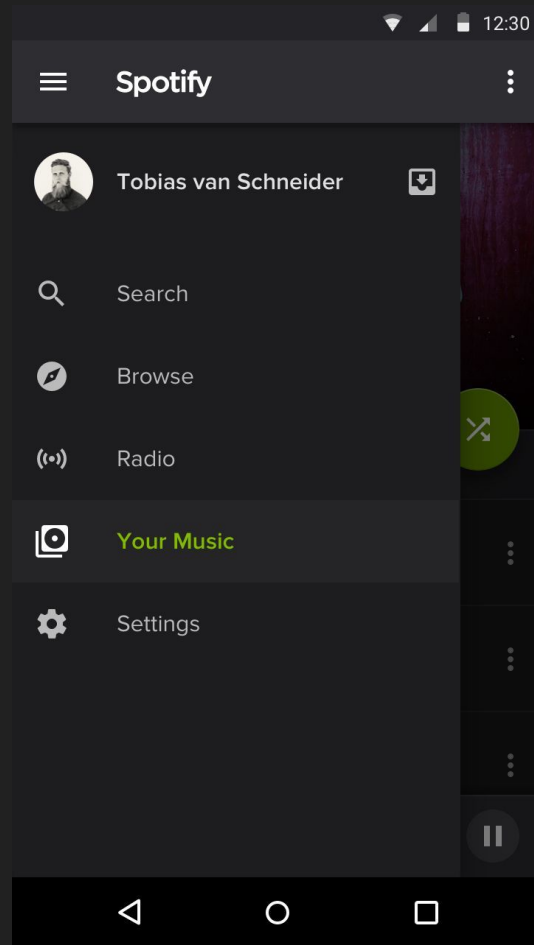

Account creation and account Menu
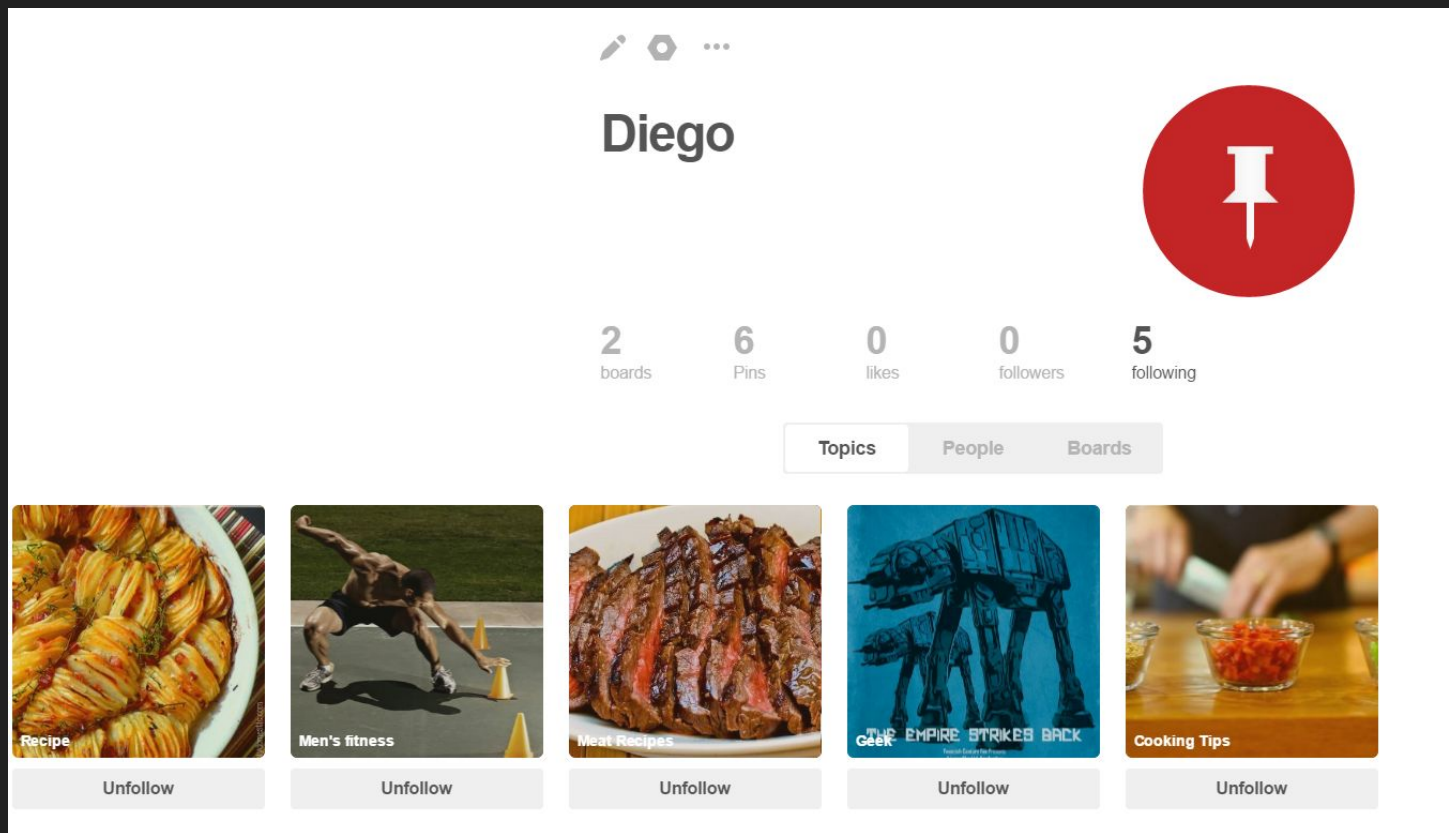

Account creation and Account Menu

- Pinterest formula
- Simplistic account menu
- Optional: on creation user is queued to select 5 tags to follow on stream
- Account details under sub menu
- Include more detail on person, more transparency on people sharing news
- This menu might be an option on sub menu or a sub menu of its own (needed for karma system)
- Focus on tags followed
- Take focused away from likes given, past news articles are not main priority
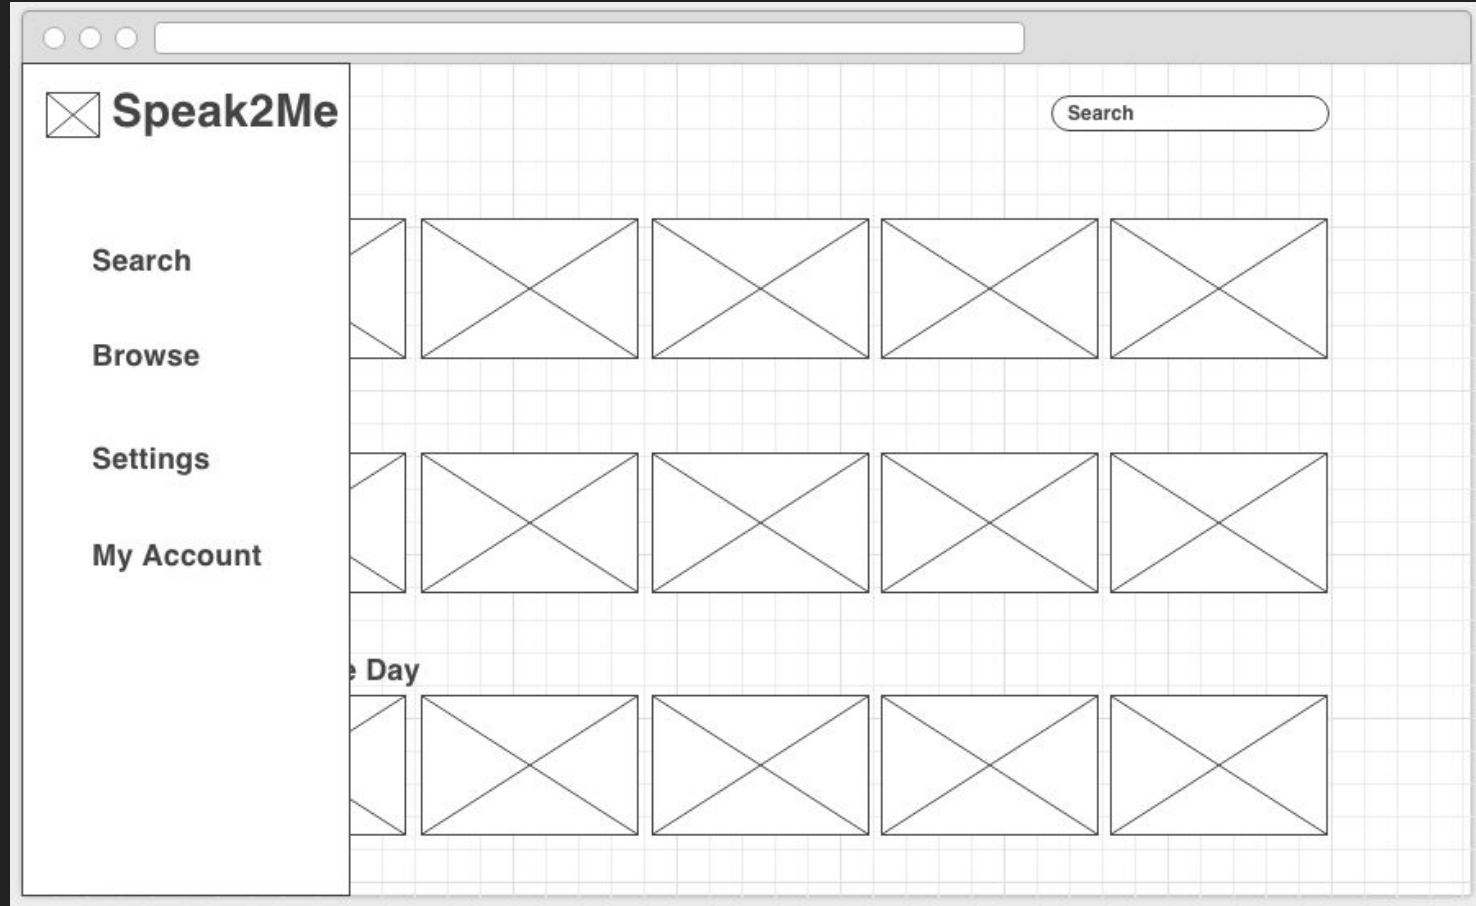

Article Stream

- Spotify formula
- Basic music idea of only show current playing article
- Provide voting option at all times, a voting queue depends on voting type selected
- Provide a report link
- Availability to select next and previous articles on stream
- Previous articles on stream only available after certain time
- Provide article link (not necessarily on stream) might be another menu detailing stream contents depends on how it is assembled.

Logo Design and colour palette

Used the same colour palette over the
logo with a few variations.

#000000	#14213d	#fca311	#e5e5e5	#ffffff
